THE magic appeal *of* colors is recognized by successful business men as the strongest "Selling Force" in advertising *and* catalog illustrating. Color illustrations have a way *of* assuming the aggressive, they do more than allow themselves to be passively looked at, they command attention, they act as trained representatives of your business.

¶ The ability to make color illustrations rests upon the knowledge *of* what is required in a drawing *and* engraving to convey that ideal to the greatest number.

¶ In dealing with Commercial Art Co. you are assured that the quality *and* delivery of your illustrations and engravings does not depend upon the whim of any one person. You are dealing with an organization backed by experience, knowledge *and* financial resources sufficiently large enough to guarantee the fulfillment *of* every promise made. And your drawings *and* plates are of a uniform quality—the highest.

¶ Two, three *and* four color process plates made by the latest improved method. Printing plates of every description for every purpose.

¶ The largest and most complete engraving establishment in the West.
